Step 1: Before You Start . . .
What is VA Form 10-10EZ used for?

- To apply for enrollment in the VA health care system, or for nursing home, domiciliary or dental benefits.

Where can I get help filling out the form?

- Contact a National or State Veterans Service Organization.
- Ask VA to help you fill out the form by calling or visiting a VA health care facility. Before you call or go to the VA health care facility, gather the necessary materials identified in Step 2 of the instructions and complete as much of the form as you can.

How can I contact VA if I have questions?

- Look in your telephone book blue pages under "United States Government, Veterans" to locate your local VA health care facility.
- Call VA's Health Benefits Service Center toll-free at 1-877-222-VETS (8387).
- Access our website at <http://www.va.gov> and select "Contact the VA."
- If you desire a health care appointment, contact the Enrollment Coordinator at your local VA health care facility for assistance in scheduling an appointment.

Definitions of terms used on this form

- SERVICE-CONNECTED (SC):** A veteran with a VA determination that an illness or injury was incurred or aggravated in the line of duty, in the active military, naval or air service.
- COMPENSABLE:** A determination by VA that a service-connected disability is severe enough to warrant monetary compensation.
- NONCOMPENSABLE:** A determination by VA that a service-connected disability is not severe enough to warrant monetary compensation.
- NONSERVICE-CONNECTED (NSC):** A veteran who does not have a VA determined service-related condition.

Which sections of VA Form 10-10EZ should you complete?

Look at the table below to find out which sections of VA Form 10-10EZ you should complete. The shaded sections should be completed only if you answer "Yes" to Section VI agreeing to provide income and asset information to establish eligibility for care. You may agree to copayments without providing this detailed financial information.

| Service-connected 0% (noncompensable) or nonservice-connected with no special eligibilities listed above. Answer YES in Section VI and complete Sections VII-X to have your priority for enrollment and financial eligibility for cost-free medical care, medications, long-term care and beneficiary travel for treatment of your nonservice-connected conditions assessed. | X | X | X | X | X | X | X |

Complete only the sections that apply to you and sign and date the form.

Step 2: Completing your application ... Review the table in Step 1 to find out what sections you should complete. Answer all questions in those sections. If you need more space to answer a question, attach a sheet of paper to the form containing your name and Social Security Number. For each question that you need more room, write "Continuation of Item" and write the section and question number.

Section II - Insurance Information. Include information for all health insurance policies that cover you. If you have more than one health insurer, provide this information on a separate sheet of paper and attach to the application. If you have access to a copier, attach a copy of your insurance cards, Medicare card and/or Medicaid card (Medicaid is a federal/state health insurance program for certain low-income people). Bring these cards with you to each health care appointment.

Section IV - Military Service Information.

If you are not currently receiving benefits from VA, you should attach a copy of your discharge or separation papers from the military (such as DD 214 or, for WWII veterans, a "WD" Form), with your signed application to expedite processing of your application.

If you indicate that you received a Purple Heart Medal, we will check our records for confirmation of your status. If we are unable to confirm your status as a Purple Heart Medal recipient, we will ask you to provide VA a copy of your DD-214 or other military service records or orders indicating you were awarded the medal. To reduce processing time, you may submit a copy of this documentation with your signed application.

Section VI - Financial Disclosure.

The financial assessment is used to determine whether certain veterans qualify for cost-free health care services for their NSC conditions and to assign their priority for enrollment. You should review the table in Step 1 to see if your eligibility for health care benefits requires or may be based on a financial assessment. Veterans are not required to disclose their financial information; however, VA is not currently enrolling new applicants who decline to provide their financial information unless they have a special eligibility factor. **Recent combat veterans (e.g., OEF/OIF) who were discharged within the past 24 months are eligible for enrollment without disclosing their financial information** but like other veterans may provide it to establish their eligibility for travel reimbursement, cost-free medication and/or medical care for services unrelated to military experience. If a financial assessment is not used to determine your priority for enrollment you may choose not to disclose your information and agree to make copayments for treatment of your NSC conditions. If a financial assessment is used to determine your eligibility for travel assistance, and you do not disclose your financial information, you will not be eligible for this benefit for your NSC conditions. **If you are such a veteran by signing this application you are agreeing to pay the applicable VA copayments as required by law.**

Section VII - Dependent Information. Use a separate sheet of paper for additional dependent children.

- You may count your spouse as your dependent even if you did not live together, as long as you contributed \$600 or more in support last calendar year.
- You may count your biological children, adopted children, and stepchildren as dependents. But these children must be unmarried and under the age of 18, or be at least 18 but under 23 and attending high school, college or vocational school on a full or part-time basis, or have become permanently unable to support themselves before reaching the age of 18.
- Count child support contributions even if not paid in regular set amounts. Contributions can include tuition payments or payments of medical bills.

Section VIII - Previous Calendar Year Gross Annual Income of Veteran, Spouse and Dependent Children.

Use a separate sheet of paper for additional dependent children.

- Report: gross annual income from employment, except for income from your farm, ranch, property or business, including information about your wages, bonuses, tips, severance pay and other accrued benefits and your child's income information if it could have been used to pay your household expenses
- Report: net income from your farm, ranch, property or business.
- Report: other income amounts, including retirement and pension income, Social Security Retirement and Social Security Disability income, compensation benefits such as VA disability, unemployment, Workers and black lung, cash gifts, interest and dividends, including tax exempt earnings and distributions from Individual Retirement Accounts (IRAs) or annuities
- Do Not Report: Welfare, Supplemental Security Income (SSI) and need-based payments from a government agency, profit from the occasional sale of property, income tax refunds, reinvested interest on Individual Retirement Accounts (IRAs), scholarships and grants for school attendance, disaster relief payment or proceeds of casualty insurance, loans, Agent Orange and Alaska Native Claim Settlement Acts Income and payments to foster parents.

Section IX - Previous Calendar Year Deductible Expenses. Report nonreimbursed medical expenses paid by you or your spouse. Include expenses for medical and dental care, drugs, eyeglasses, Medicare, medical insurance premiums and other health care expenses paid by you for dependents and persons for whom you have a legal or moral obligation to support. Do not list expenses if you expect to receive reimbursement from insurance or other sources.

Section X - Previous Calendar Year Net Worth. Use a separate sheet of paper for additional dependent children.

Your net worth is the market value of all the interest and rights you have in any kind of property. However net worth does not include your single-family residence and a reasonable lot area surrounding it. It also does not include the personal things you use every day like your vehicle, clothing and furniture.

Step 3: Submitting your application ...

What do I do when I have finished my application?

- Read Section V, Paperwork Reduction and Privacy Act Information, Section XI Consent to Copayments and Section XII, Assignment of Benefits.
- Make sure you sign and date VA Form 10-10EZ in Section XII. You or an individual to whom you have delegated your Power of Attorney must sign and date the form. If you sign with an "X", then you must have 2 people you know witness you as you sign. They must then sign the form and print their names. If the form is not signed and dated appropriately, VA will return it for you to complete. This will result in a delay in processing your application.
- Attach any continuation sheets and necessary material to your application.

Where do I send my application? Mail the original application with a copy of your supporting materials to your local VA care facility. You can find the address in your local telephone book, by calling toll-free 1-877-222-VETS (8387), or on the Internet at <http://www.va.gov>.

Advance Directive & Do Not Resuscitate Orders

What is an advance directive?

An advance directive tells your doctor what kind of care you would like to have if you become unable to make medical decisions (if you are in a coma, for example). If you are admitted to the hospital, the hospital staff will probably talk to you about advance directives.

A good advance directive describes the kind of treatment you would want depending on how sick you are. For example, the directives would describe what kind of care you want if you have an illness that you are unlikely to recover from, or if you are permanently unconscious. Advance directives usually tell your doctor that you don't want certain kinds of treatment. However, they can also say that you want a certain treatment no matter how ill you are.

Advance directives can take many forms. Laws about advance directives are different in each state. Virginia has an advance directive form. This form can be obtained from the social workers at Sitter & Barfoot Veterans Care Center.

What is a living will?

A living will is one type of advance directive. It is a written, legal document that describes the kind of medical treatments or life sustaining treatments you would want if you were seriously or terminally ill. A living will doesn't let you select someone to make decisions for you.

What is a durable power of attorney for health care?

A durable power of attorney (DPA) for healthcare is another kind of advance directive. A DPA states whom you have chosen to make healthcare decisions for you. It becomes active any time you are unconscious or unable to make medical decisions. A DPA is generally more useful than a living will. But a DPA may not be a good choice if you don't have another person you trust to make these decisions for you.

Living wills and DPAs are legal in most states. Even if they aren't officially recognized by the law in your state, they can still guide your loved ones and doctor if you are unable to make decisions about your medical care. Ask your doctor, lawyer or state representative about the law in your state.

What is a do not resuscitate order?

A do not resuscitate (DNR) order is another kind of advance directive. A DNR is a request not to have cardiopulmonary resuscitation (CPR) if your heart stops or if you stop breathing. (Unless given other instructions, hospital staff will try to help all patients whose heart has stopped or who have stopped breathing.) You can use an advance directive form or tell your doctor that you don't want to be resuscitated. In this case, a DNR order is put in your medical chart by your doctor. DNR orders are accepted by doctors and hospitals in all states.

Should I have an advance directive?

By creating an advance directive, you are making your preferences about medical care known before you're faced with a serious injury or illness. This will spare your loved ones the stress of making decisions about your care while you are sick. Any person 18 years of age or older can prepare an advance directive.

People who are seriously or terminally ill are more likely to have an advance directive. For example, someone with terminal cancer might write that she does not want to be put on a respirator if she stops breathing. This action can reduce her suffering, increase her peace of mind and increase her control over her death. However, even if you are in good health, you might want to consider writing an advance directive. An accident or serious illness can happen suddenly, and if you already have a signed advance directive, your wishes are more likely to be followed.

How can I write an advance directive?

You can write an advance directive in several ways:

- Use a form provided by your doctor.
- Write your wishes down by yourself.
- See the social worker at Sitter & Barfoot Veterans Care Center.
- Call your health department or state department on aging to get a form.
- Call a lawyer.
- Use a computer software package for legal documents.

Advance directives and living wills do not have to be complicated legal documents. They can be short, simple statements about what you want done or not done if you can't speak for yourself. Remember, anything you write by yourself or with a computer software package should follow your state laws.

You may also want to have what you have written reviewed by your doctor or a lawyer to make sure your directives are understood exactly as you intended. When you are satisfied with your directives, the orders should be notarized if possible, and copies should be given to your family and your doctor.

Can I change my advance directive?

You may change or cancel your advance directive at any time, as long as you are considered of sound mind to do so. Being of sound mind means that you are still able to think rationally and communicate your wishes in a clear manner. Again, your changes must be made, signed and notarized according to the laws in your state. Make sure that your doctor and any family members who knew about your directives are also aware that you have changed them.

If you do not have time to put your changes in writing, you can make them known while you are in the hospital. Tell your doctor and any family or friends present exactly what you want to happen. Usually, wishes that are made in person will be followed in place of the ones made earlier in writing. Be sure your instructions are clearly understood by everyone you have told.
